1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr Fulgham on ****04-27-05***.

In claim 1, on line 7 "adaptable" has been changed to – comprising a means -- .
On line 9, of claim 1, " is adaptable to receiving" has been changed to – receives--.

2. The following is an examiner's statement of reasons for allowance: The claims have been allowed because claim 1 recites a vending machine having an actual product depth for the dispenser. There is a product dispensing mechanism depth setting for the dispenser. There is a product vend detector having a means to sense when the product is dispensed. There is a controller which receives signals from the product vend detector and which adjusts the product dispensing mechanism depth setting to match to the actual product depth. Claim 12 recites a method for dispensing products from a vending machine. There is the actual product depth for the dispenser. There is the setting of a first product depth setting for the dispenser. There is the sensing when products are dispensed to provide input signals. There is the comparing of the input signals to the first product depth setting , and adjusting the first product depth setting to a second product depth setting that matches the actual product depth. The claimed invention is not disclosed nor taught by the cited prior art or any combination thereof.
